MINNESOTA

1. The King lived for a few hours on Halloween. 2. Still no new kitty for Mike and Julie. Maybe next year. 3. Exploring an abandoned bridge (left) and Christmas morning 2013 (right). 4. Resting during the (Highway) 301 Endless Yard Sale in June. We declined to

buy the couch. 5. That's Mike's cousin Kutzi. She and Jack celebrated 50 years this summer. 6. Julie's niece Jenny and hubby Chris live in Hopkins, near where Mike was raised.

What are the odds?! 7. Mike's Aunt Suzie and Uncle Jim, hadn't seen them in ages! 8. Julie after self-grooming accident in October. Julie wasn't a fan. His cousin Chris in Seattle is much more handsome as

Kojak. 9. Replica tokens from former brothel in Jerome, AZ. Very cute town. 10. Didn't see any rattlers at the Titan Missile Museum outside Tucson. Nor tarantulas, despite our evening explorations with flashlights. 11. Fenelon Place Elevator Company in Dubuque, IA. One of the steepest, shortest funicular railroads in the world. 12. Julie's dad Wayne turned 80 and the family celebrated at Riverside Casino. Winning time had by all.
