New food obsessions: Whataburger (while out west), avgolemono soup (pot made weekly as Mike's daily breakfast food), and a summer's worth of cannoli while we watched (and loved) the entire run of *The Sopranos*.

Holy cow, did we travel this year. Included Death Valley (Mike only), Mt. Vernon (on a pass through Virginia), New Mexico, New York City (saw Mike's cousin Tian and family), and Northern California. (Over 6,300 road miles, for those playing at home.)
